

Step1: Login

1. Please ready a PC. (Don't use same PC for teleconference.)
Please connect PC to internet by wired LAN.
2. Access to below link by web browser.
<https://temdec.cloudpreview.net/storm-footage/login.html>
3. If the language is not English,
please change from button of right-top (①).
4. Input "login-id" (②) and "Password" (③),
and click "login" (④).

The screenshot shows the login interface for STORM-footage. The page title is "STORM-footage TEMDEC". In the top right corner, there is a "Language" button, which is circled in red and labeled with a circled number 1 (①). Below the title, there are two input fields: "login-id" and "Password". The "login-id" field is circled in red and labeled with a circled number 2 (②). The "Password" field is circled in red and labeled with a circled number 3 (③). At the bottom center, there is a "login" button, which is circled in red and labeled with a circled number 4 (④).

Step2: Go to the intended movie

The screenshot shows the STORM-footage TEMDEC web interface. At the top left is the STORM logo. The title "STORM-footage TEMDEC" is centered at the top. On the top right, there is a "Clip" button and a user profile icon labeled "previewUser3". Below the title bar is a search bar with the text "Keyword:" and a "search" button. A navigation menu is visible on the left, with "Preview" selected and a folder named "20160419bdREN (3)" highlighted with a yellow oval. To the right of the folder, there are three movie thumbnails, each labeled "NEW" and "movie_1.wmv", "movie_2.wmv", and "movie_3.wmv" respectively.

1. Please select intended folder.
Then you can access thumbnail of the movies uploaded to the server.
2. Please click the thumbnail of the movie that you are intended.
*To share with others,
all need to access same thumbnail.

Step3: Share movie with others

1. Please click "Enter" (①)

Check "Enter"

More than one user can share the preview.

Check "Enter"

User who shares the preview is indicated.

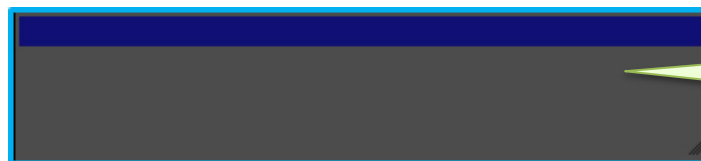

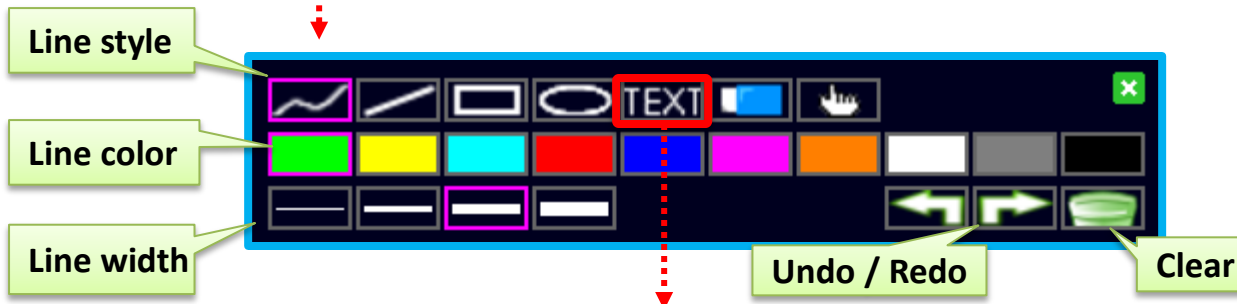

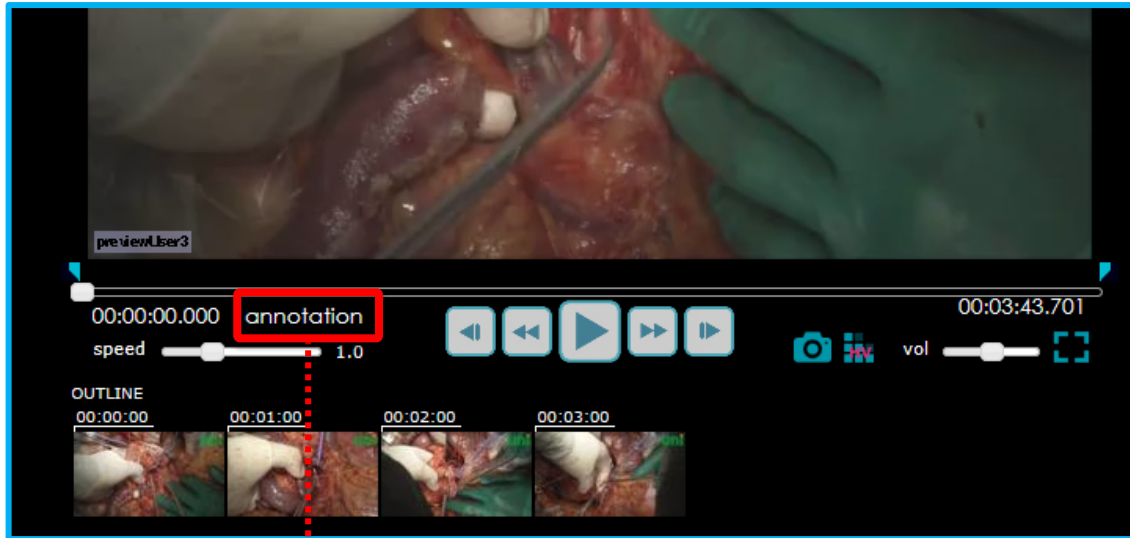

Indication of outline.
Movie starts from clicked time.

synchronized functions

- ① play, stop
- ② playback speed
- ③ snap shot
- ④ high-definition still image
- ⑤ annotation
